Dear Tom,

I would like to take this opportunity and thank you for your teams work this session on the Conservation of Georgia Act, HB 243. I was pleased to see that through the hard work put into this issue by your coalition that the outcome was a win for the conservation team. I supported HB 243 because I sincerely felt the legislative intent is where Georgia conservancy standards should be.

As we all know, getting any legislation passed through the General Assembly can be a tough task. I was happy to work with your team in helping this legislation move forward. Their success with this measure is a testament to their hard work, and I look forward to seeing this legislation make an immediate impact on Georgia's conservancy efforts.

If there is ever anything that I can be of further assistance with, please feel free to reach out to me at any time. Thank you for your support as I continue to strive in making Georgia the best it can be for all of our citizens. I hope to see you soon, and it was a true pleasure working this session with you and your outstanding team.

Sincerely,

Senator George Cool
